Hand in hand with the Siraj Endowment Foundation to support education

Siraj Endowment Foundation represents the Omani cultural heritage and the futuristic vision of an advanced Omani society.

It was established to be the essential support for the education sector, and to play a pivotal role in opening new and sustainable horizons for the educational process. The educational endowment is considered as an important pillar for the intellectual progress in various fields of knowledge.

Siraj Endowment Foundation objectives:

- Find diverse and sustainable sources to support education at all levels
- Support needy students
- Support the students with disabilities and preparing appropriate programs for them
- Find the best ways to operate and invest the institution's funds
- Utilize investment returns to support and finance education projects
